Introducing a big, bright future for small workgroups

LEXMARK

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their revenue on printing and active print management can cut office print costs by up to 30%[1], it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

[1] Source: InfoTrends/CapVentures, Network Document Solutions Forecast 2007-2012, Network Document Solutions Consulting Service, August 2008

Compact and reliable, Lexmark X460 Series MFPs bring serious performance benefits to small and midsize workgroups. Be more efficient with powerful productivity tools and cost-saving workflow solutions. The large, intuitive color touch screen gives you amazingly simple access to a rich range of features, including duplex scanning, advanced copying and easy user authorization for enhanced security.

Ready to go to work!

Right out of the box, your Lexmark X460 Series MFP will power through your workload at exceptionally fast speeds, whether you're scanning documents, copying spreadsheets or printing important presentations.

- Achieve high-quality printing and copying at up to 40 ppm
- Get the first printed page in your hands as fast as just 6.5 seconds
- Boost productivity with two-sided printing, scanning and copying
- Expand your possibilities with additional paper input options, memory, an 80GB hard disk, fax modem and wireless connectivity (standard on some models)

Intelligent and efficient

Small in size but big on talent, these devices offer the ultimate combination of built-in features and flexibility to let you breeze through office work more quickly, efficiently and intelligently than ever before.

- Customize the touch screen to match your workgroup's specific needs
- Add tailored workflow solutions through the Lexmark Embedded Solutions Framework (requires hard disk and at least 256MB RAM)
- Scan directly to multiple destinations, including e-mail, flash drive, network folder† and others
- Protect your data, your documents and your device with advanced security features, like functional access control

† Minimum of 256MB RAM required to scan to network folder

As easy as it gets

Lexmark MFPs are a breeze to set up, install and operate. Even better, they keep you close to the business tools you need to get the job done. No more lost time running between multiple devices. Productivity is now just a touch away!

- The intuitive color touch screen gives you one-touch access to all functions
- MyMFP lets each member of your workgroup save and retrieve their own touch-screen settings on a USB flash drive
- Easily copy or scan two-sided and multiple-page documents easily by loading up to 50 sheets in the automatic document feeder
- LED indicators help you line up your originals so you can scan them accurately and effortlessly

Eco responsible

Consolidating all your document functions into one efficient network device can save money on hardware, energy and supplies. Lexmark takes eco-accountability further to help you print responsibly throughout your workday.

- Automatic duplex printing saves paper and valuable archiving space
- Extra-high-yield toner cartridges (up to 15,000* pages) help reduce the total number of cartridges used
- Eco-Mode and Quiet Mode help you save energy and reduce noise
- The instant warm-up fuser reduces power consumption
- Recycle used cartridges easily and free of charge with the Lexmark Cartridge Collection Program

** Declared yield value in accordance with ISO/IEC 19752*

Lexmark X460 Series

Explore the features that keep you moving

Simple duplex scanning

Load your stack of originals – up to 50 sheets – and let the automatic document feeder do the work for you.

Front USB port

Scan directly to a flash drive or use a flash drive to store and retrieve your personal MFP settings with the MyMFP feature.

LED indicator lights

Illuminated guides show you where to place your originals for perfect scans every time.

Multipurpose feeder

Print on diverse media types, like envelopes, labels and card stock, without removing your paper from the main tray.

Direct USB printing

Just walk up, insert a flash drive, select a PDF, XPS or image file and start printing.

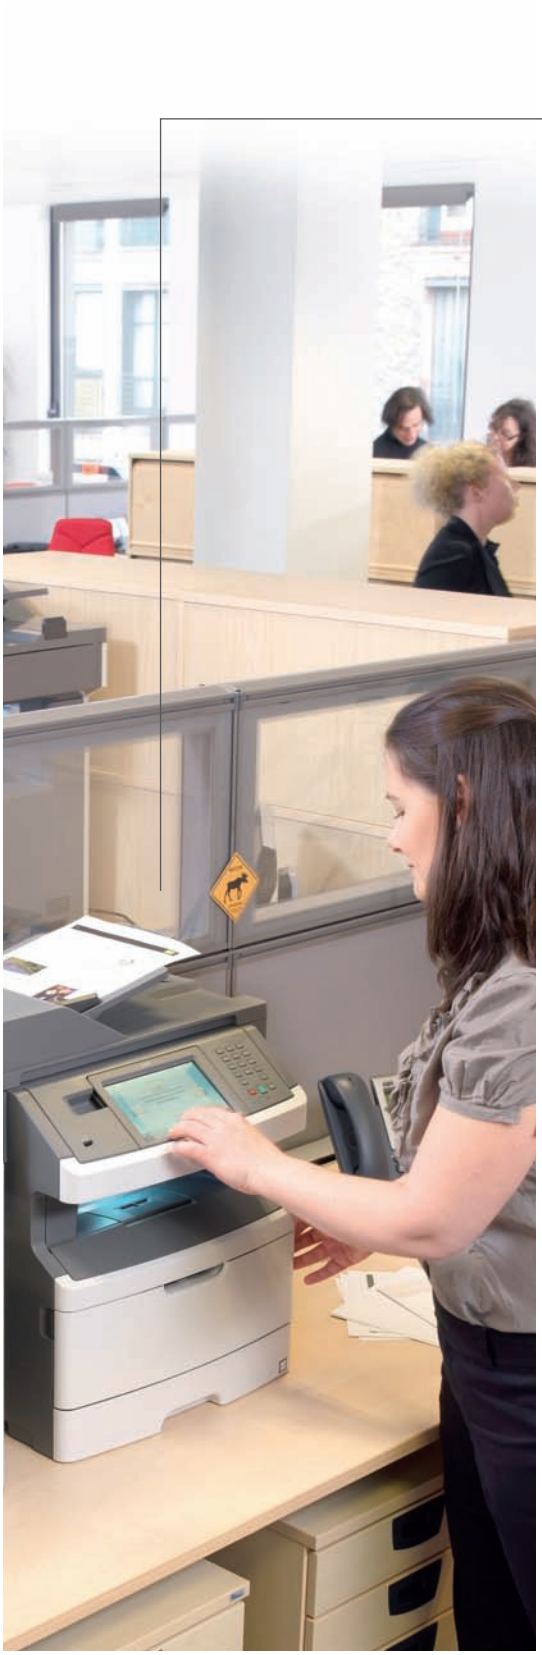
Optional extra input

Boost your total input capacity by adding a second drawer (up to 250 or 550 sheets).

Wireless capability

Break free from network cables with the Wi-Fi CERTIFIED 802.11n draft 2.0 option

The Productivity Checklist
If you've got all these, then you've got a Lexmark!



Now showing on the big screen
The incredibly large, fully featured color touch screen gives you fast, easy access to document capture and workflow functions. Tailor it to your business requirements with the icons and shortcuts you need most. You can even change the background image to whatever suits you best, like your logo.

Cutting-edge security
From network security to user- and function-access restrictions, Lexmark offers you a wide range of features to help protect your valuable data and ensure network security. In addition to IPSec, SNMPv3 and 802.11x network security, the Lexmark X460 Series offers an alphanumeric pad for easy PIN authentication, plus encryption and disk wiping to secure the optional hard disk.

Personalized user settings
A real efficiency booster, Lexmark's MyMFP feature lets multiple users save and re-access their personal settings on a simple flash drive, including their local address book, individual copy settings, and even their own touch-screen configuration. They simply walk up to the MFP, slide in their flash drive and the MFP literally transforms into their own personal device.

Effortless manageability
These devices are network-ready and very easy to set up. If you have multiple Lexmark devices installed, the Lexmark Universal Driver offers even easier deployment. Once up and running, on-screen custom messaging makes life simpler by providing users with clear information, like intuitive show-me messaging. What's more, Lexmark MarkVision Professional software provides simplified remote management and automated tools to keep your workday flowing!

Intelligent Job Waiting
One person's setback should not mean a bottleneck for the whole workgroup! Say someone launches a print job that requires labels, but no labels are loaded. Why lose precious uptime? Lexmark's Job Waiting feature will simply hold that job while everyone else goes on working without interruption (hard disk required).

Efficient traffic shaping
When you e-mail a large file from your Lexmark X460 Series MFP, it won't cause a traffic jam on your network. That's because traffic-shaping technology can partition your network traffic and designate lower bandwidth for outbound flows. This is useful for busy networks, externally hosted Web servers and wide area networks.

Lexmark's Embedded Solutions Framework
Experience more productivity than you could ever imagine! Lexmark's new multifunction devices are solutions-capable. That means they can be easily customized to meet your unique printing needs. Contact your Lexmark representative to find out how simple it is to tailor your MFP with one or more of Lexmark's leading industry solutions. With the touch of an icon you can transform your hardcopy documents into digital workflow, helping you print less, save time, lower costs and reduce the environmental impact of printing. (Lexmark Embedded Solutions Framework on the Lexmark X463de and Lexmark X464de requires the hard disk and 256MB memory options.)

Lexmark X460 Series

Get exactly the performance you need

Lexmark X463de

Intuitive 3-in-1 MFP with touch screen

- Offers duplex print, copy and scan
- Up to 40 ppm print speeds
- First page out as fast as 6.5 seconds
- 128MB of RAM standard
- Up to 50-sheet multipurpose feeder
- Ships with 7,000*-page Lexmark Return Program Toner Cartridge
- Choice of replacement cartridge yields: 3,500*, 9,000* or 15,000* pages
- Recommended monthly volume: 2,000 to 10,000 pages

Lexmark X464de

Reliable 4-in-1 MFP with high-speed fax

- Same as the Lexmark X463de but includes high-speed fax

Lexmark X466de

Fully configured MFP with plenty of options

- 256MB of RAM standard
- 80GB hard disk included for expanded functionality
- Lexmark Embedded Solutions Framework
- Extra-input model available (Lexmark X466dte)
- Wireless-ready model available (Lexmark X466dwe)

** Declared yield value in accordance with ISO/IEC 19752.*

Maximum Monthly Duty Cycle
«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

Recommended Monthly Page Volume
«Recommended Monthly Page Volume» is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
